

Access Steam Plus Garment Steamer – DT8100

Fast, efficient steam just in time!

Steam anything, anywhere, at any moment with a single vertical movement

KEY Features

- Two steam levels powerful design
- A cast aluminum heat plate with ceramic coating and ultra-fast heating ensures high-performance, effective steaming for both vertical and horizontal steaming.
- Smart accessories including door hook allows steaming from anywhere

Product Benefits

Powerful

New heated soleplate technology
This means no condensation, so clothes are ready to wear immediately

Two steam levels with Super Turbo
For a high steam flow of 26 g/min, it is perfect for stubborn wrinkles and heavy fabrics

Always ready
Ready to use in just 40 seconds, with continuous steam on demand

3 smart accessories
Fabric brush: for easy use on heavy fabrics; Steam bonnet: for delicate fabrics; Door hook: easily hang your clothes anywhere for steaming.

Convenient

200 ml water tank
A generous removable water tank ensures long steaming sessions and easy refills.

Easy to use 3-metre cord
Comfortable and easy to use thanks to: 3-metre cord length

Lock position for continuous steam
Easy access On/Off button with light indicator.

Suitable for all garments
Safe to use on all kinds of garments - even the most delicate, such as silk

Refreshes & Sanitizes
The great diffusion of steam through the fibers allows for refreshing, sanitizing and removing odours from all kinds of fabrics

Uniqueness

Say goodbye to your ironing board

Thanks to its revolutionary design and single vertical movement, achieve wrinkle-free results with no need for an ironing board.
