

Refrigeration Range

Model shown: WBE4500WA compact bottom mount fridge.

If the kitchen is the heart of the home, then Westinghouse has been a central part of it for over 60 years. We love helping Australian families with products that are not only simple to use but also make life easier. For us, it's not about fancy features or the latest fads, it's about creating practical yet innovative products that the whole family can use and enjoy every day.

Our new fridge range is packed with useful features that are as flexible as you need them to be. FlexSpace™ makes the most of the interior by maximising storage, flexibility and access, so even the biggest grocery shop fits in with ease. There's the convenience of FlexStor™, which allows you to easily change the fridge door configuration to suit your needs. You can also keep your family healthy and hydrated with quick access to filtered water from the in-door water dispenser. Add in clever features like SpillSafe™ shelves and FamilySafe™ lockable storage, and you have a range that more than meets your family's needs.

Choose the right fridge with Westinghouse

A fridge is a vital part of every home, but with so many to choose from it can be difficult to know which one is right for your family. So, to help you find your perfect fridge, we've put together some helpful guidelines and questions to consider.

Type & style

- Think about the style of your kitchen. Would white, stainless steel or arctic silver suit your space?
- Do you have limited space but still want all the benefits of a large fridge in a smaller model?
- Do you like the aesthetics of a side-by-side model and the idea of an ice and water dispenser?
- Do you tend to have a lot of frozen food or do you need more fresh food and drinks storage?

Dimensions

- Does the fridge need to fit into an existing space? Make sure you measure your kitchen cavity and doorways before choosing a fridge.
- Remember that fridges need air space around them to keep them running at their best. Check this when considering which models will fit your kitchen cavity

Capacity

- As a general rule a family of two needs around 300L of food storage space. For each additional family member add around 60L.
- Remember your family may grow in the future, so when in doubt, go for a larger size. Larger fridges tend to have more features and are more efficient.

Flexible interiors

- Are storage space and flexible interiors important to you?
- Do you like to entertain or regularly need to fit a lot of food and drinks into your fridge? Our new FlexSpace™ range maximises storage, flexibility and access making it perfect for families.

Value

- Consider which features are most useful to you. Your family's needs may change, so a fridge that can adapt with you is a great option.
- Ongoing running costs can eat into your family budget so check the energy rating system (the more stars and the lower kWh per year the better).

Easy cleaning

- Food can be messy! So you'll benefit from SpillSafe™ shelves, easy-to-remove parts and fingerprint-resistant surfaces.

Functions & controls

- Manual controls are quick and easy to use
- Electronic controls offer a wider range of clever functions including quick chill, door alarms, quick freeze and holiday mode.

Security & reliability

- A fridge or freezer is a considerable investment so make sure you buy a quality brand you can trust.
- For extra peace-of-mind ensure that the company you choose can provide advice, service and support for your fridge well beyond the shop floor.

R600a

R600a Refrigerant

- Westinghouse is committed to caring for the environment. That's why all of our refrigerators have started converting over to use the less harmful R600a refrigerant. So now your family refrigerator can quietly play its own part in reducing your household's impact on the environment.

Model shown: WBE5304SA large bottom mount fridge.

Introducing FlexSpace™

really clever!

Whether you've got a growing family, a busy lifestyle or both, you can always do with more space in your fridge. That's why Westinghouse created **FlexSpace™**.

Designed to maximise storage, flexibility and provide easy access to all your items through the flexible interior, it's the really clever solution to meet your ever-changing needs.

FlexSpace™ features the clever **FlexStor™ door**, allowing you to easily slide or lift the door bins to suit your needs.

The **FamilySafe™ lockable compartment** keeps those special items away from prying fingers. The sealed **FlexFresh™ crisper** on selected models has a movable divider to help give you extra space when you need it.

Perfect for existing cavities, the **FlexSpace™** range has more space inside than ever before, while the fridge width stays the same.

Now that's really clever!

Large French door

As families grow, so do their needs and having a fridge to stand the test of time is important. The new Westinghouse large French door fridge with Convertible Drawer is here to make you feel really clever.

With all the clever features you have come to expect from the Westinghouse family, the new FlexSpace™ French Door fridge, offers a family sized 702L capacity with FlexStor™

storage solutions plus the new Flexspace convertible drawer, flip up shelving and SmartSplit door design.

Whether you're preparing to entertain or are looking for extra freezer space, the flexibility of the Westinghouse large French door fridge doesn't go unnoticed and will have your family covered.

Model shown: WHE6874SA French door fridge.

Convertible drawer

With the widest temperature range from -23°C to +7°C our FlexSpace Convertible Drawer adapts to your needs with a touch of a button*. With 5 predefined settings you can chill your drinks, freeze your meat or store your deli snacks, taking the headache out of the fridge and freezer shuffle, making you feel really clever. *(Selected models)*

FreshSeal easy glide crispers

FreshSeal crispers with automatic humidity control give you the flexibility to look after your fruit and vegetables the right way. Designed with your comfort in mind, the easy glide crisper bins open effortlessly and provide easy access even when they're full. *(Selected models)*

Slide Back and Flip Up shelves

The flexibility to slide back or flip up some of the fridge shelving makes fitting those extra tall items or large platters a piece of cake.

*within 2.5 hours

SmartSplit door design

With optimally split doors you have more usable space in your fridge door and can reach for larger items in a quick and easy manner, saving you the need to open both doors every time. *(Selected models)*

Filtered ice and water dispenser

The dispenser provides fresh, filtered water as well as cubed or crushed ice at the touch of a button for all your family needs. *(Selected models)*

SnackZone

The SnackZone is the ideal compartment for family favourites. The optimal height for even the smallest family members to reach, ensuring healthy snacks are always available. *(Selected models)*

Clever French door - designed to fit a 90cm cavity

Introducing the FlexSpace™ French door designed to fit a 90cm cavity. The classic French door design delivers a wider interior space - perfect for storing party platters and left over pizza - while fitting seamlessly into a standard 90cm fridge cavity.

The double door fridge configuration provides convenient access while halving the clearance required for your refrigerator doors, making it perfect for narrow kitchen spaces.

If the classic French door design is something you want to see across your freezer space too, our four door french door fridge is the clever addition to your kitchen space. With 7 freezer compartments organising your freezer has never been so easy.

Available in standard or fully plumbed for ice and water dispensing.

Model shown: WHE6060SA French door fridge.

Designed to fit a 90cm space with a huge 605L capacity

Designed to fit neatly into an Australian 90cm kitchen cavity. Clever engineering allows it to be installed with minimum gaps on the sides meaning maximum storage for all fresh produce.

Space for everything

When it comes to being organised you can never have too much space. With two door access to both your fridge and freezer, you won't know how you didn't have it before. Being able to see everything at a quick glance has never been so easy. *(Selected models)*

Automatic Ice Maker

There is nothing more refreshing than an ice cold drink on a hot day. With the Automatic Ice Maker you will always have ice available whenever you need it, all stored in a handy, extra large drawer. *(Selected models)*

Fingerprint-resistant real stainless steel

Life can be messy, but with Westinghouse's fingerprint-resistant real stainless steel, you won't have to worry. A quick wipe with a damp cloth should be all you need to keep your fridge looking its sleek and stylish best.

FlexFresh™ easy glide crispers

Designed with your comfort in mind, the dual sealed easy glide crisper bins with humidity control open effortlessly and provide easy access even when they're full.

SpillSafe™ glass shelves

SpillSafe™ shelves can contain spills of up to one litre while the easy-clean interior helps keep your fridge fresh and hygienic.

Large bottom mount

Designed for ultimate convenience, the Westinghouse FlexSpace™ range of bottom mount fridges offers lots of extra space for growing families. You'll enjoy a high fridge capacity and countless storage solutions, while the clever FlexStor™ feature provides adjustable storage on the fridge door so you can change the configuration when you need to.

The easy-to-clean FlexFresh™ Crisper has a handy divider that gives you extra space

when you need it. The clever seal provides an ideal environment for your fruit and vegetables, ensuring less wastage. Freezer bins on smooth telescopic runners give the whole family quick and easy access without the effort, even when they're full.

The bottom mount range offers stylish yet practical options including white or fingerprint-resistant, real stainless steel finishes, and an integrated or bar handle.

Compact bottom mount

When kitchen space is at a premium, the Westinghouse compact bottom mount fridge is the ideal solution.

With most of the features of our larger models, this ergonomically designed fridge has all of our big ideas in a smaller package. With the clever FlexStor™ adjustable storage, you'll enjoy the convenience of being able to easily change the configuration to suit your needs.

Available in white or vibrant silver, the fridge also features a stylish integrated handle and easy clean interiors.

Model shown: WBB3700AG compact bottom mount fridge.

Adjustable storage solutions with FlexStor™
Adjust the height and position of the door bins with FlexStor™.

Humidity controlled crisper
The full width, humidity controlled crisper offers the perfect environment for preserving fruit and vegetables, as well as having a removable crisper front for easy cleaning.

Easy clean arctic silver doors
The easy clean arctic silver doors ensure all Westinghouse fridges maintain that sleek clean look. In fact, a damp cloth should be all you need to remove fingerprint marks from any Westinghouse silver door.

Easy clean glass shelves
The adjustable and durable glass shelves can be wiped clean with ease.

Multi-flow
The multi-flow air delivery system maintains an even temperature throughout - keeping your food fresher for longer.

Twist ice and serve
Twist ice and serve is an easy way to dispense ice.

Compact top mount

While our compact top mounts may be smaller on the outside, they are definitely big on the inside. With most of the features of our larger models, this ergonomically designed fridge has been designed without compromise.

The clever FlexStor™ door offers amazing convenience and allows you to change your fridge configuration to suit your needs. What's more, easy clean glass shelves, an integrated door handle and fingerprint resistant doors make cleaning a breeze.

Model shown: WTB2800AG compact top mount fridge.

Adjustable storage solutions with FlexStor™
Adjust the height and position of the door bins with FlexStor™.

Chiller compartment
The chiller compartment allows you to store perishable food for longer.

Easy clean arctic silver doors
The easy clean arctic silver doors ensure all Westinghouse fridges maintain that sleek clean look. In fact, a damp cloth should be all you need to remove fingerprint marks from any Westinghouse silver door fridge or freezer.

Humidity controlled crisper
The full width, humidity controlled crisper offers the perfect environment for preserving fruit and vegetables, as well as having a removable crisper front for easy cleaning.

Twist ice and serve
Twist ice and serve is an easy way to dispense ice.

Easy clean glass shelves
The adjustable and durable glass shelves can be wiped clean with ease. Selected models also come with a glass shelf in the freezer.

Side by sides

Like having a full freezer and fridge in one unit? The 690 litre side by side provides you with the maximum fresh food and freezer storage in one fridge – with a wider fresh food section. It is truly the fridge big enough for any family.

For those with big families but limited space, the compact side by side is the perfect solution. The side by side fridge combines a full-length freezer on the left and a full-length fridge on the right.

Model shown: WSE6870SA
large side by side fridge.

Filtered ice & water dispenser

Available on selected models, our ice and water dispenser delivers fresh, filtered water and crushed or cubed ice instantly. And to make things easier, the innovative combi-lever lets you do it all using just one hand.

Adjustable storage solutions with FlexStor™

Adjust the height and position of the door bins with FlexStor™.

Get organised with the FlexFresh™ Crisper

The sealed FlexFresh™ Crisper provides great flexibility with an adjustable divider for all the space you need.

Adjustable interiors with SpillSafe™ glass shelves

With over 20 different shelving and door bin positions, you can easily fit the smallest deli items to the biggest party platters. SpillSafe™ glass shelves improve visibility and isolate leaks – preventing up to 1 litre of spills from dripping down to the shelves below.

Fingerprint-resistant real stainless steel

Life can be messy, but with Westinghouse's fingerprint-resistant real stainless steel, you won't have to worry. A quick wipe with a damp cloth should be all you need to keep your fridge looking its sleek and stylish best.

More brightness with LED Lighting

LED lighting ensures everything is easy to see and easy to find at a glance.

Healthy, continuous fresh water

Enjoy the convenience of endless refreshment with quick access to filtered water from the slimline in-door water dispenser. So simple, even the kids can help themselves.

Verticals and pigeon pairs

Westinghouse's vertical fridges and freezers can be combined in one space to give you a pigeon pair. This provides you with the maximum fresh food and freezer storage in one unit – truly the big fridge for the big family. Or they can be placed in separate places to give you best utilisation of space in your kitchen/home. Best of all, their interior is as flexible as their exterior.

Models shown: WRB3504SA & WFB2804SA combination.

FlexSpace™ Accessories

FlexStor™ Can Dispenser (ACC082)
The ultimate in chilled convenience. The FlexStor™ can dispenser allows you to quickly grab a chilled can of drink right from inside the door on your fridge.

FlexSpace™ Bottle Stop (ACC083)
Stop your bottles of drink from rolling around the bottom shelf with the bottle lock. With its spring loaded design, the bottle stop allows you to safely lock your bottles into place above the crisper.

FlexSpace™ 70cm & 80cm Pull-Out Shelves (ACC169/170)
The pull-out shelf allows you to conveniently store and access those large and awkward items you would otherwise have trouble placing on your fridge shelf.

FlexStor™ Small Items Bins (ACC084)
Take advantage of the small spaces on your fridge door with the 2 small items bins. The narrow design allows you to conveniently store those small items that would otherwise get lost in your fridge.

Westinghouse have designed a collection of clever accessories to complement your FlexSpace™ refrigerator. Choose one or add the whole collection to create the ultimately practical fridge interior to suit your family's needs.

Model shown: WBE5304 bottom mount fridge with FlexSpace™ Accessories.

Seamless integration

The Westinghouse Integrated Refrigeration Kit offers a simple and precise solution for a seamless kitchen. The specialised Westinghouse hinges also allow the fridge door to open to a wide 120°, making it easier to access food as well as clean and remove

shelves. In order to prevent unnecessary running around and hidden costs, our unique kit comes complete with all parts to complete the installation, including the hinges.

How does it work?

The kit is designed to fit a wide variety of Top and Bottom Mount Westinghouse Fridges and Vertical Freezers. It utilises a sliding system which fixes the outer door of the fridge to the kitchen cabinet.

When the cabinet door is opened, the connecting rail opens the fridge in one smooth and simple motion.

For all applicable models please refer to the product feature table below.

Dimensions and installation guide

Large and compact side by sides†

WSE6900SA/WA, WSE6870SA, WSE6200SA/WA, WSE6170SA

Recommended minimum clearances

Please note: Doors are designed to sit proud of cabinetry (not flush).

When positioned in a corner area, clearance of at least 350mm on the fridge side and 250mm on the freezer side will allow the doors to open enough to enable the removal of the bins and shelves.

Verticals and pigeon pairs†

WRB5004SA/WA, WFB4204SA/WA, WRB3504SA/WA, WFB2804SA/WA, WRM2400WD, WFM1800WD, WFM1810WC

Recommended minimum clearances

Please note: Doors are designed to sit proud of cabinetry (not flush).

	Model	Door width (W)	Total depth (D)	Max height (H)	Cabinet width (W1)	Cabinet depth (D1)	Depth door open (D2)
Side by sides	WSE6900WA, WSE6900SA, WSE6870SA,	1000	784	1787	993	610	1240
	WSE6200WA, WSE6200SA, WSE6170SA	912	784	1787	905	610	1150
Verticals and pigeon pairs	WRB5004WA, WRB5004SA, WFB4204WA, WFB4204SA	699	770	1725	693	641	1360
	WRB3504WA, WRB3504SA, WFB2804WA, WFB2804SA	595	700	1746	590	560	1175
	WRM2400WD, WFM1800WD, WFM1810WC	545	570	1444	540	490	1080

† Refer to the product information on the back page of this brochure. ‡For those single door models with telescopic extension slide-out bins or crispers situated with the door opening against the wall, clearance requirement increases from 350mm to 450mm.
For information on installation of integration kits for top mounts, bottom mounts and pigeon pair models, please refer to westinghouse.com.au
