

PV395LCNAU

90CM CLASSIC GAS ON GLASS COOKTOP

Flame failure device

Safety fitted to all burners, the Flame Failure Device ensures that should a flame be extinguished accidentally, the gas supply to the specific burner is stopped. The burner can only then be reignited by following normal ignition procedure.

Ultra-Rapid Wok Burner

This large and versatile burner suits woks, pots, saucepans and griddles. Whether it's used for easy stir-fry meals or controllable low simmers, it adds a whole new repertoire to your cooking.

Electronic Ignition

Comfortably reignite the cooktop flame with electronic ignition technology available in all Smeg gas cooktops. Simply turn the dial during the ignition process for an automatic flame that offers precise control of heat distribution and is both safe and convenient to use.

Cast-iron Pan Stands

The solid cast-iron pan stands cover the burner, creating a harmonious and ergonomic surface onto which pots can be placed and moved safely and securely. In addition to providing a highly professional look, these ensure excellent performance, which remains unaffected over time.

Easy Clean Ceramic Surface

The highly-durable ceramic surface is simple to clean thanks to Smeg's Easy Clean ceramic surface. Once the cooktop has cooled, just use a few drops of a suitable cleaner and a damp cloth to achieve a wipe-clean result.

EAN 8017709259044

Dimensions	900mmW x 48mmH x 510mmD
Finish	Black ceramic glass
Installation	Topmount
Capacity	5 burner Left (wok) 21.6 mj/hr Front centre 6.1 mj/hr Rear centre 6.1 mj/hr Front right 4.3 mj/hr Rear right 9.3 mj/hr
