

On Line **Active Direct**

Now it is even easier to enjoy the great taste of BRITA® filtered water.

Advanced
BRITA
Filtration
Technology

The A1000 Cartridge filters:

- Chlorine, bad taste and odour
- Fine solid particles (i.e rust and sand)
- Organic impurities
- 2 stage filtration
 - Sediment Pre-filter
 - Active carbon block 0.5 micron
- Filter exchange after 6 months - (22L/day)
- Electronic filter exchange reminder with audible alarm.
- Easy filter change - insert and remove with simple twist of a lever.
- Hygienic bacteriostatic cartridge inhibits bacteria growth.
- Cartridge life dependent on water quality. Use only with municipal tap water.

For cleaner, clearer, great tasting filtered water, instantly from the dedicated dispenser.

On Line Active Direct Kit

A1000 Filter Cartridge

Dispenser Tap

Filter Head for easy filter exchange

Installation Ready Kit

- BRITA dispenser tap
