Italy's best-kept secret

**ARMANDO VICARIO**

Kitchen Tapware

## Italy's best-kept secret

The stunning range of Armando Vicario tapware is now available in Australia, thanks to an exclusive alliance with Abey Australia.

A boutique manufacturer and designer with more than 35 years of experience, Armando Vicario is a family-owned business situated north-west of Milano on the shores of beautiful Lago D'orta – a region renowned for designers like Alessi.

Originally started by Armando Vicario in 1974, the company is now in the hands of his son Daniele and daughter Rosanna, who are dedicated to producing high-quality innovative kitchen tapware, bathroom taps and showers.

Australia has always been viewed as a key export market for the company, however Watermark approval has previously proven to be a major obstacle.

This barrier has now been overcome – with all taps conforming to AS/NZS 3718 and to AS/NZS6400 WELS Scheme – ensuring Australians can now enjoy the quality, functionality and design of this inspired Italian tapware collection.
