- ✓ 310L Capacity
- ✓ Anti-fingerprint Stainless Finish
- ✓ 3 x Tempered Glass Shelves
- ✓ LED Lighting in Fridge Section
- ✓ R600a Refrigerant
- ✓ BioShield

Inverter Linear Compressor

LG Inverter Linear Compressor offers greater control of temperature, with less vibration and less noise than a conventional compressor system.

LG 10 Year Parts Warranty - as this is the heart of your refrigerator we back this with a 10 year parts warranty on the compressor.¹

Moist Balance Crisper

LG Moist Balance Crisper maintains the moisture balance in the crisper. The lid of the crisper has a lattice structure that retains evaporated moisture from your vegetables, to help keep them fresher for longer.

Reversible Doors

Reversible Doors allows for the refrigerator to be changed from a right to left hinge door opening without the purchase of additional accessories².

Smart Diagnosis®

Smart Diagnosis allows the Refrigerator to talk for itself. If an error occurs, a phone call can be made to LG Customer Information Centre and the machine will emit a 15 second signal. This allows LG to diagnose the issue resulting in less wasted time and less inconvenience.

¹ 2 Years parts and labour + 3 years on sealed refrigeration system (compressor, evaporator, dryer and tubing) parts only + 5 years on compressor (part only)

² Must be performed by a technician, at additional cost.
