

BDM25400XM

Multifunction Built-in Double Oven

Smart Solutions

Catalytic Rear and Side Walls

Nanocoating Technology

Pull-out Telescopic Shelving System

Multi Dimensional Cooking

Easy to Remove Side Racks

Main Oven Features

Oven feature:	Multifunctional Cooking
Gross volume:	81 Litres
Net Volume:	71 Litres
Multidimensional cooking:	Yes
Booster Function for quick pre-heating:	Yes
Detachable side racks:	5 levels
Full extension telescopic shelving:	1 levels
Display type:	Animated LED Display - Touchcontrol
Touch control:	Yes
Key lock:	Yes
Cooling fan:	Yes
Max. temperature:	250°C
Soft close door:	Yes
Door activated Interior illumination:	1 x Round Halogen light (Rear) + 1 x Square Halogen light (Right)
Layers of door glass:	3
Inner door type:	Full glass (removable)
Soft close door:	Yes
Catalytic on back wall:	Yes
Catalytic on side walls:	Yes
Nano Coating Technology on Inner Door Glass:	Yes

Top Oven Features

Oven feature:	Conventional
Gross volume:	41 Litres
Net Volume:	38 Litres
Detachable side racks:	2 levels
Control type:	Push in push out knob control
Touch control:	Yes
Max. temperature:	250°C
Layers of door glass:	3

Main Oven Functions

Number of functions:	12
	Conventional Cooking
	Fan Assisted Cooking
	Bottom Heating
	Fan Heating
	Grill with Fan
	Electric Grill
	Low Grill
	Defrost function for Oven
	Eco Fan Heating
	3D Cooking
	Warm Keeping
	Pizza cooking
Booster:	Yes

Top Oven Functions

Number of functions:	4
	Top and bottom heating
	Bottom heating
	Grill
	Full grill

Accessories

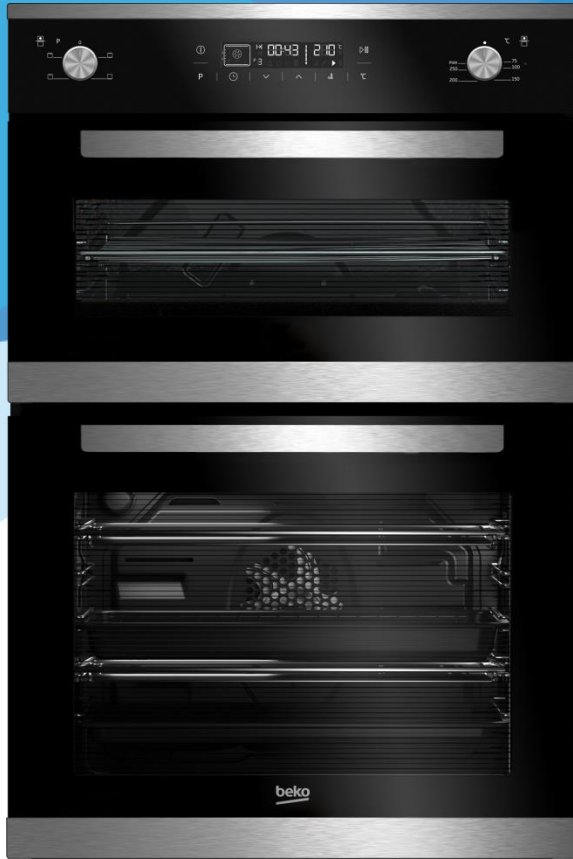

Cooking tray (deep):	1
Cooking tray (standard):	2
Wire shelf in tray:	1
Wire shelf with stopper:	3

Dimensions & Weights

Built-in dimensions (WxDxH) cabinet:	56x55x88 centimeters
Packaged height:	95.00 centimeters
Packaged width:	66.00 centimeters
Packaged depth:	66.00 centimeters
Packaged weight:	57.9 kilograms
EAN code:	8690842014987

5 level removable shelving

Catalytic back and side walls

Nano Coating Technology

1 level fully extendable telescopic side racks

Easy to remove side racks

Smooth cavity

Durable oven door

Easy to clean full glass door

Specifications are correct at time of printing. Specifications may change without prior notice.

Catalytic back wall

The catalytic back wall makes cleaning quick and easy. Cleverly absorbing cooking grease and reducing food odours. No more harsh cleaning chemicals!

Nano Coating Technology

The first nano technology used in domestic ovens! This innovative technology was created by Beko to save you time when cleaning your oven and money on heavy duty cleansers. The oleophobic nano coating technology used on the inside glass door helps resist grease and dirt so your oven will always look great!

Telescopic Pull-Out Shelf System

The extending arms of the telescopic pull-out shelf system enables easy and safe access to the oven contents.

Multi Dimensional Cooking

Create delicious meals without keeping your guests waiting. Beko's advanced cooking system allows you to cook three different dishes at the same time without any odour mixing problems. Each tray has its own supply of hot air which is then drawn to the back wall where the odour particles are isolated. This system enables you to cook homogeneously with maximum efficiency, saving time and energy.
