

D Series

Electric Panel Heater

Rinnai

Relax with Rinnai.

We're driven to create comfort.

Australians have been enjoying the comfort, convenience and reliability of Rinnai household appliances for over 45 years.

Our mission has always been to offer appliances that are essential in helping people lead comfortable, safe and efficient lifestyles. Operating in almost 20 countries, Rinnai utilises global technological expertise to innovate comfort solutions suited to the Australian way of life.

As a leader in hot water, heating and cooling solutions, Rinnai has become a trusted household name, providing reliable, high quality products, ensuring your home is always a place of relaxation and comfort.

Electric Panel Heaters

The D Series Electric Panel Heaters are the latest innovation in design and technology to come from Rinnai. With a sleek, minimal aesthetic - these heaters have been specifically designed to suit the modern architecture and trendy interiors of homes throughout Australia.

A range of sizes are available to suit a range of applications - ideal for bathrooms, bedrooms and even lounge rooms.

Quality is the number one priority with any Rinnai product and the D Series Electric Panel Heaters are no exception, put through the most stringent quality control procedures to keep you warm for many years to come!

Features and Benefits

- > Silent performance - Rinnai D Series heaters are entirely silent, perfect for the bedroom
- > Wall mounted or portable, you choose! All heaters have the option of wall brackets or freestanding castors
- > Thermostatically controlled – set and forget at your favourite temperature
- > Simple timer - use the delay timer function so you never forget to turn off the heater again!
- > Quality backed with a 7 year warranty
- > Light and easy to move around

1000W Model

1500W Model

2200W Model

Additional Features

- > Side mount control integrated into the body of the heater
- > Simple, easy to use interface design
- > Lessens the visual impact of controls to create a minimal, sleek aesthetic
- > Includes delay timer functionality

Integrated control panel

- > Unique vertical venting design allows faster dispersion of heat
- > Allows for true natural convection, air flows over the heating element and rises naturally, spreading quickly throughout the room
- > Perforated vent design creates even distribution of heat for ultimate comfort

Freestanding caster wheel set
