Safe To Touch Kettles

The Tefal Safe to Touch Kettle is no ordinary kettle. Thanks to its double layer insulation and coolwall, the plastic parts are safe to touch even after boiling.

- Double layer jug construction
- Stainless steel inside / Plastic outside
- Keep warm up to 30mins
- Capacity 1.5L
- Concealed heating element
- On/Off switch with pilot light
- 360° base
- Removable anti-scale filter
- Power: 2400 W
