PHILIPS

Highlights

Powerful and fast extrusion

With advanced engineering and robust material and build of the machine, the Philips Pasta and noodle maker can exert 1600 lb force on the dough during extrusion, which not only enables a fast making process in just 15 minutes, but also guarantees perfect texture and taste of the pasta or noodle.

Auto-weighing

The unique designed build-in auto-weighing function weigh the flour and indicate the correct amount of liquid automatically, making the whole process never so convenient and easy.

Unique shaping discs

The pasta maker comes with various shaping discs including a penne, spaghetti, fettuccine, angel hair,

pappardelle/thick flat, lasagne, ravioli /dumpling. You can easily bring variety to the table.

Automatic process

After choosing program and pressing start button, the machine automatically mixes, kneads and extrudes in one go.

Personalized taste

By using different flour and adding different ingredients like egg, herbs or spinach and carrot juice, you can make various type and flavor of pasta or noodle.

Recipe book

Accompanying with the machine there is a colorful recipe book provides ingredient list for 24 different types or flavors of pasta and recipe for over 20 pasta / noodle dishes.
