BENEFITS

Touch on glass controls

With its position above the cooking area of your kitchen the rangehood has been designed for easy cleaning, the controller is a touch on glass panel for a quick wipe clean maintenance.

Dimmable Low Energy LED Light Bar

Adjustable lighting levels on this rangehood offers high levels for maximum illumination when required and a lower level for ambient lighting when cooking is complete.

Quiet centrifugal motor

The kitchen is not only a working space, it's also a social hub. This motor allows you to maintain conversations at the same time that the hood is running so your kitchen enjoys clear air while you're entertaining.

H1000 Motor High performance extraction

1000 m3/hr of extraction means the rangehood ensures unwanted vapour and steam can be removed quickly and efficiently.
