FEATURES

SENSORDRY

EASY TO USE ROTARY
DIAL CONTROL

REVERSE TUMBLING
ACTION

DELICATES SETTING

AUTO COOL DOWN

BENEFITS

Around the clock freshness

Our reverse tumbling action switches directions between clockwise and anti-clockwise so your load dries quickly and evenly. Even once damp socks kidnapped into the corners of fitted sheets come out fresh.

Dry without damage

Our SensorDry technology detects when your load is dry enough and ends the cycle instead of just running on a set time, so that you end up with undamaged laundry thats not been over-dried.

Care at lower temperatures

Line dry only? Theres a Westinghouse appliance for that. Our dryers low/low setting low on tumble and low on heat means theyre as protective as a parent on their teens first date.

Take a turn

The straightforward rotary dial means any household members big or small can help out on laundry day.

Retire the iron

Like a face cream for your clothes, our auto cool down reduces wrinkling and means your load is cool to touch when the program is finished.

Specifications

PRODUCT PROFILE

Dryer Type	condenser
Capacity (Kg)	8
Wall mount option	no

ENERGY

Energy Star Rating	2
Energy consumption (KWhr/yr)	358

BUTTON FUNCTIONS

Reminder/Indicators	end of cycle,child lock,delicate,time dry,anti crease,Refresh,end/Anticrease,Dryness
---------------------	--

DIMENSIONS
