5 Year Limited Warranty (Wash pump motor part only)

Features

Flexible Split Cutlery Tray

Variable Half Load

Loaded Adjustable Upper Basket

Extra Hygiene
Extra Rinse
Extra Dry

Control Panel Child Lock

Aqua Stop + Aqua Safe Anti-Flood Protection

Benefits

Offers the flexibility to use the cutlery basket or to omit it for a larger loading area. Providing ultimate convenience and flexibility.

Allows for convenience should a quick half load wash be required. 3 types of washing available: top basket only, bottom basket only or both. By using this function you also save on water and energy.

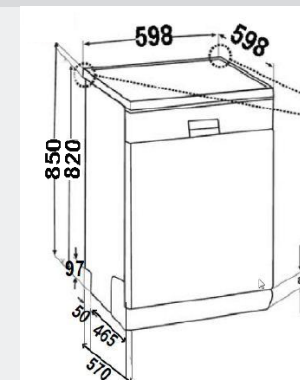

Adjustable top basket allows a 31cm plate in the bottom. Top and bottom baskets have adjustable tines which can offer ultimate loading flexibility.

Additional features such as extra hygiene, extra rinse and extra dry options. The program can also be changed to a different program mid cycle should it be required. Allows the consumer extra choice for their wash cycle.

An excellent feature to prevent children from tampering with the control panel. It also ensures that the selected program cannot be changed when the child lock is activated.

In built safety system to avoid water damage just in case of water overflow.
