Type **Fully extendible pull-out drawer / Under-worktop appliance**
for integrated use

Energy consumption (kWh/yr) / Star rating	85 / 5.0
Frequency / voltage	50/60 Hz / 220-240 V~
Connection Rating	2.0 A
Aperture dimensions in cm (h / w / d)	82-88 / 60 / min. 56

Controls

Type of Control	2.4" TFT-colour display, touch- & swipe Digital temperature display
Door alarm	visual and acoustic
Alarm in case of malfunction	visual and acoustic

Fridge compartment

Forced air system	PowerCooling with FreshAir activated charcoal filter
Door interior	, adjustable egg tray
Interior light	LED ceiling lighting
Fruit and vegetable bins	1 spacious fruit and vegetable drawer

Features

Door hinges	Pull-out drawer, fully extendible
Replaceable door seal	yes
EAN-Nr.	9005382259832

Features

Touch & Swipe display

Control of your Liebherr at your fingertips: thanks to the Touch & Swipe display, you can operate your refrigerator intuitively and with ease. Simply select functions such as SuperCool on the colour display by tapping and swiping. The temperature is controlled just as easily. And, what if you are not actively using the display? Well, it then shows you the actual temperature.

LED light inside

The LED side lighting illuminates the interior from the side – providing a good overview of your food. Another highlight: the LEDs are positioned in front of the glass shelves so that even a full refrigerator is well lit.

GlassLine shelves

If you store a carafe or tall container in the refrigerator, you don't want to have to remove an entire glass shelf. And why should you? Because there are separable glass shelves. Simply slide the front half of the glass shelf under the back half. This allows you to place higher containers at the front and still have enough space for other food.

SoftSystem

From breakfast to a midnight snack – a fridge needs to be open and closed on many occasions. And your Liebherr makes this a lot of fun. With the SoftSystem, your fridge door closes softly and safely, and in a way which is pleasantly quiet and light. Bottles stored in the inside door remain securely in place – nothing rattles or wobbles.

Egg tray 2in1

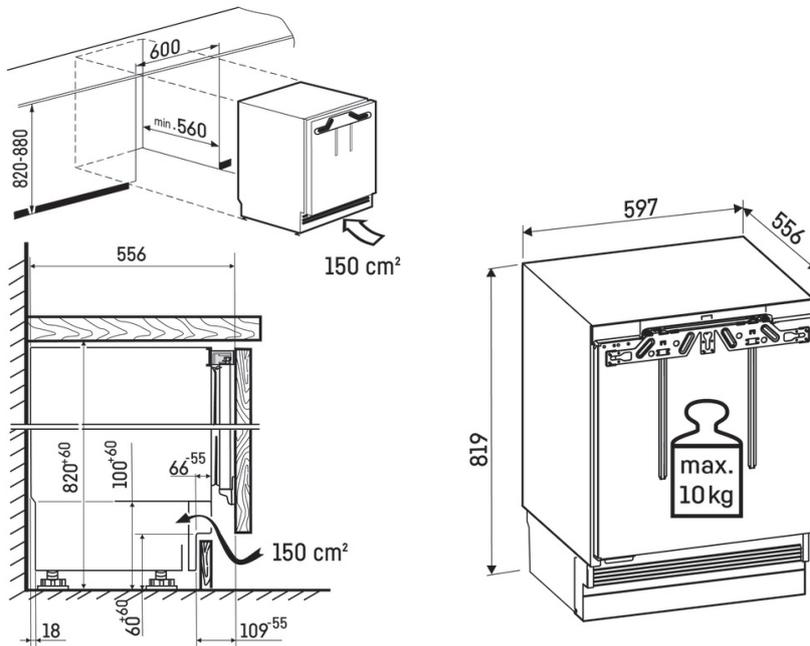

Do you like chicken eggs? So does your Liebherr – that's why it has the 2in1 egg tray. This not only provides space for up to 20 chicken eggs, but also for up to 24 quail eggs. The egg tray consists of an outer and an inner part which can be slid into each other in different ways. By turning the tray over, the quail egg holes can be used.

Satin-finish glass shelf shelves with stainless-steel-look decorative trim

Experience a moment of pure joy on every opening – this is thanks to the satin-finish safety glass panels with stainless steel strips. Their height can be conveniently adjusted in one easy step. The satin finish means that scratches on the glass panels appear virtually invisible and ensures a high quality look – even years later.
