Product introduction

3MP Full HD

Get crystal and sharp videos/images with true 3MP Full HD.

Truly Wire-Free over WiFi

No wiring hassles! Based on 2.4 GHz WiFi and works independently.

100° Wide Viewing Angle

Wider field of vision to cover more and miss less.

PIR Motion Sensor

Smart PIR sensor detects motion and triggers alerts that really matter to you.

Rechargeable Battery

Long lasting power per charge; saves your money.

Solar Powered

Connect the camera to Reolink Solar Panel to get non-stop & free power.

True Standalone Battery Camera for Any Places

Enjoy peace of mind anywhere only with 5-minute installation! This smart standalone battery camera works without a base station, complex settings, or subscription fees, and offers lots of features for different needs.

Backyard

Front Door

Garage

Off-Street Windows

Eco-Friendly and Cost-Saving

- Rechargeable Battery-Powered

Powered by a high-capacity rechargeable battery, Argus Eco can work independently without being plugged in. You can put it anywhere you want. Wire-free, so worry-free.

** Comes with the camera. Non-removable.*

- Solar Powered

Battery power is always enough if charged via all-weather Reolink Solar Panel that is easy to set up. It frees you from the trouble of dismounting the cam every time to recharge it. Learn more

** Sold separately. Designed for Reolink battery-powered cameras ONLY.*

Day & Night in 3MP Full HD

Argus Eco, with the high resolution of 2304X1296, guarantees the sharper and smoother video streaming than 720p cameras. It looks after your kids, watches over your car or captures people in the front door in rich details and great vividness.

It doesn't rest when you sleep. Infrared LEDs illuminate up to 33 feet for stunning night vision.

Smart than you need

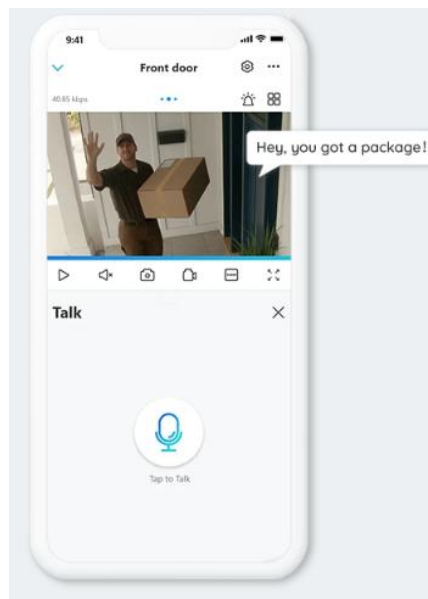

Smart PIR Motion Detection

Get Instant & Accurate Motion Alerts

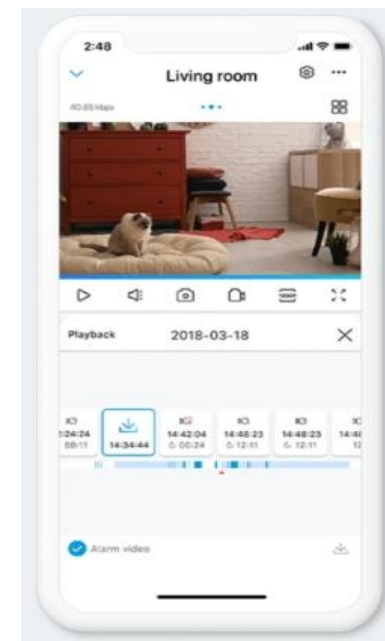

Live View & Two-Way Audio

See, Hear and Talk to Your World

Motion Recording

Never Miss the Key Moments

Amazing Time-Lapse Videos

Long-term events, like the flower blooming, sunrise, city scenes and even the construction projects, are too long to be perceived in real time. Argus Eco with time lapse is a good way to observe, record and share those events in minutes or seconds

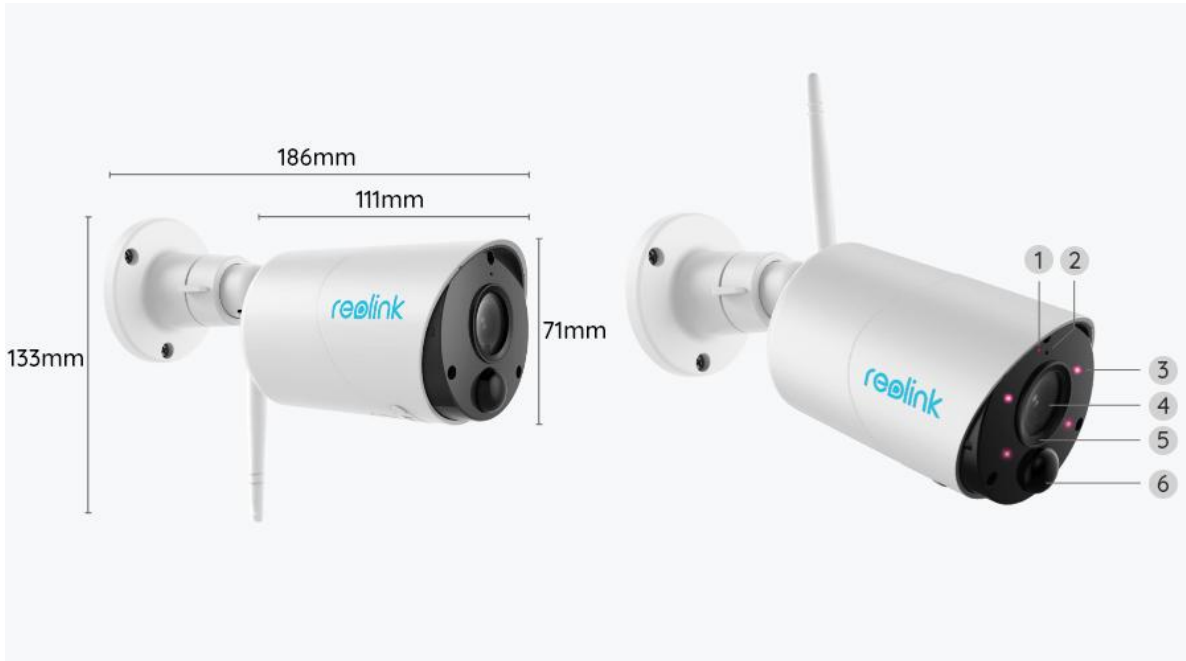

Control Your Cameras , Hands-Free

View your Reolink camera easily like never before with Google Assistant and Amazon Alexa. you can check what's happening there on your Google Nest Hub or Chromecast-enabled TVs.
