

QNED96

8K QNED Mini LED AI ThinQ TV

75", 65"

Quantum Dot + NanoCell + Mini LED = The Ultimate LG LED/LCD TV

LG QNED Mini LED represents the dawn of an era for LED/LCD TVs. The pioneering display combines a Mini LED panel with Quantum Dot + NanoCell Technology to deliver an all new TV experience. This is truly the pinnacle of LG LED/LCD TV.

α9 Gen4 AI Processor 8K Mighty and Power

At the core of the QNED96 is the powerful Alpha 9 Gen 4 8K Processor, a ground breaking chip that uses deep learning algorithms to automatically analyse and optimise sound and vision. Powerful 8K upscaling helps complete the picture, transforming 4K content with enhances detail and definition.²

Think you know smart? Think again

LG AI ThinQ is here to maximise your smart TV experience. Use your favourite voice assistant to control your TV, and discover the convenience of an all-new Home screen.¹¹

Darkness brings out the detail

Deep black and excellent contrast. Full Array Dimming technology is designed to more precisely control light levels at the screen, so that each scene displays deep darks, bright whites and vivid colours that pop.

ALLM, eARC. Play at a higher standard

Don't let outdated connections cripple your edge. HDMI 2.1³ brings ALLM (Auto Low Latency Mode) and eARC (Enhanced Audio Return Channel) to enable fast-moving content at high resolutions, and smooth audio and graphics.

WARRANTY PERIOD

Warranty Period	1 Year Warranty - Parts and Labour
-----------------	------------------------------------

13 Internet usage charges and conditions apply. WebOS internet browser supports AV1, HTML5, VP9 and HEVC, not for video streaming. Content and features will vary from time to time without notice.

14 Freeview uses HbbTV technology which combines broadcast & internet streaming. Data usage charges & conditions apply.

15 Subscription membership and high internet speed (25 mbps) required for content in 4K Ultra HD, otherwise content will be downsampled to either HD or SD quality based on the available bandwidth and time of day.

16 Hey Google, Apple HomeKit or Amazon Alexa enabled device required, sold separately.

17 Home Wi-Fi and LG ThinQ app required. Compatible with Android 7.0 (or later). Magic Tap feature compatible with NFC enabled Android phones.

18 Miracast compatible Android device required for this feature.

19 LG ThinQ App on compatible Android devices (Android 5.0+) and iOS devices (iOS 11+). Device must be in range, on the same Wi-Fi network as the TV.

20 Apple AirPlay 2® and HomeKit® requires a Wi-Fi connection. Controlling devices and features requires compatible smart devices. Subscriptions may be required to access certain content. Some features and services may be changed without notice. Depending on language, voice clarity and available content or source material, voice commands may not always deliver or respond to the requested command. AirPlay® and HomeKit® are trademarks of Apple Inc.

21 WiSA compatible speakers required. (Sold Separately)

22 Feature requires two matching compatible LG Bluetooth Speakers.

23 Designed to work with compatible LG audio devices only.

24 QNED96 : HDMI ports support HDCP 2.3, 60fps @ 2160p, 60fps @ 4320p

25 The cable may be visible depending on installation environment. Depending on installation environment, there may be a slight gap between the TV and the wall.

All product specifications correct at time of printing. Specifications may change without prior notice. Customers are advised to check with your retailer before purchase.
