

ZB412

ZB412

PRODUCT BENEFITS

Effortless cleaning on wheels

The extra comfort and surface protection provided by the wheels in front differentiates Rapido from other hand helds. These wheels take the weight off your wrist and allow the cleaner to glide over any surface without harming furniture or getting caught on the table cloth.

Cyclonic action

Cyclonic suction power improves the performance by ensuring that centrifugal force separates the dust particles from the air flow. This feature is available on the ZB408 and ZB412 only.

Easy emptying

Use the hose of your main vacuum cleaner to empty the dust cap through the patented system or just remove and empty the dust cup manually.

TECHNICAL DATA

model:	Rapido
model number:	ZB412
power:	12 volt
Colour:	dark onyx rave and star white
recommended retail price:	\$109

Accessories

Accessories stored in the charging unit or onboard enable increased areas of use. There is a brush for dusting and cleaning of delicate areas and a crevice nozzle for
