45CM CLASSIC SERIES COLUMN FREEZER,  
223L CAPACITY

## AN EXPRESSION OF QUALITY AND THE PINNACLE OF FOOD STORAGE

Fhiaba's column freezer solution delivers dynamic food storage with easily adjustable shelving, high-performance compressor and antimicrobial stainless steel. The Provent air circulation technology consists of independent ventilation for each compartment and provides uniform and precise temperature control, ensuring better food preservation.

Pair perfectly with any of Fhiaba's refrigerators or wine cellars for the ultimate culinary cold storage and wine preservation system for your home. Fhiaba integrated refrigerator or freezer are designed to be fitted with a custom door panel and handle to match your kitchen and blend into the aesthetic of your kitchen space for a seamless installation. The design solutions are only limited to your imagination and design.

Exclusive Fhiaba technology makes it possible to combine the four "key variables" of refrigeration, to create and maintain perfectly balanced climates.

- 
**Accurate temperatures**  
 Thanks to the numerous built-in sensors, the indicated temperature is always accurate.
- 
**Uniform ProVent Ventilation**  
 The ProVent system uniformly distributes cold air to all parts of the fridge.
- 
**TriPro Refrigeration**  
 The triple cooling system ensures each ingredient and dish gets the right micro-climate.
- 
**Humidity control**  
 Our wine cellars offer three different humidity level settings: low, medium and high.

## PRODUCT DETAIL

### FEATURES

- Meticulously designed & built to withstand prolonged use
- Available with left or right hand hinge
- Integrated design to seamlessly blend into your kitchen
- Large all freezer removes the need for secondary food storage solutions meaning all your frozen food can be preserved in one convenient location
- Ideal large capacity for your frozen foods and accommodating complete design flexibility within your kitchen, this column freezer will pair perfectly with Fhiaba's other integrated units.
- Total No Frost - 100% automatic system which eliminates the need to defrost the fridge, fresh food and freezer compartments. In addition it enables the temperature to be restored quickly after opening thanks to 'speed freezing'.
- Smart-touch TFT controls manages and monitors the entire fridge operation process is simple to use. Fridge, fresh food compartment and drawer temperatures are shown on the digital display
- Independent ventilation for each storage compartment, resulting in uniform and precise temperature control, and ensuring optimum food preservation.
- Accurate temperatures. Thanks to the built-in thermostat, the temperature is always accurate
- Insulated variable speed compressor maintains precision temperature control with minimal vibration
- Provent creates an 'air curtain' to prevent cold air from escaping when the door opens. Provent: also guarantees a homogeneous distribution of cold air and favours the deep use of the internal compartments.
- Uniform temperature throughout allowing for better food preservation conditions
- Fhiaba Link Device (FLD) available
- Deep capacity within a standard depth is achieved by a side-mounted evaporator, which leaves greater interior space
- EvenLift™ means shelves can slide up and down to be adjusted to any height in the fridge compartment
- Air purification system
- Insulated dual variable speed compressor assists in maintaining a precise temperature control with anti-vibration.
- Low vibration compressor

- Three independent electronically controlled cooling zones for maximum flexibility:
- Antimicrobial EverCrisp™ drawers prevent growth of micro-organisms and cross-contamination with bead-blasted stainless steel.

### INTERIOR

- Complete anti-bacterial stainless steel interior including shelves and side panels
- Soft-close doors and drawers in all compartments
- 2 tempered glass shelves with aluminium profiles
- 3 Micro shot-peened stainless steel drawers
- Full extraction drawers with soft closing runners
- Hygienic rounded corner drawers for easy cleaning
- 2 door shelves fully adjustable in height
- 5 LED lights illuminate the fridge from the side & 2 LED lights at the top and side interior provide excellent visibility without creating annoying hot spots
- Ice maker with container & scoop

### TEMPERATURE

- Freezer: from -15°C to -22 °C

### DOOR

- Dual-movement patented hinge, with self-balancing movement ensures stability and resistance
- Pivoting door hinge system enables the appliance to be built-in
- Door open alarm
- Door opening angle: 105°

### NOISE

- Noise level - 41db

### CAPACITY

- Freezer Use-able Storage Capacity: 223L

### TECHNICAL

- Uniform 2050mm height across all Integrated models
- Energy consumption: 298kw/yr
- Net Weight: 141kg
- Power lead length: 2m
- Front and rear adjustable feet up to 25mm height

### ACCESSORIES

- KCCIT Joining kit - central (Joining brackets, airflow separation included)
- AISI 304 Vertical tubular door handle, round section Ø30 mm x 1104 mm long
- Water connection / female attachment: female 3/4"
