

# 60CM PRO-LINE COOKER SINGLE OVEN WITH 4 BURNER GAS COOKTOP

L06WMP

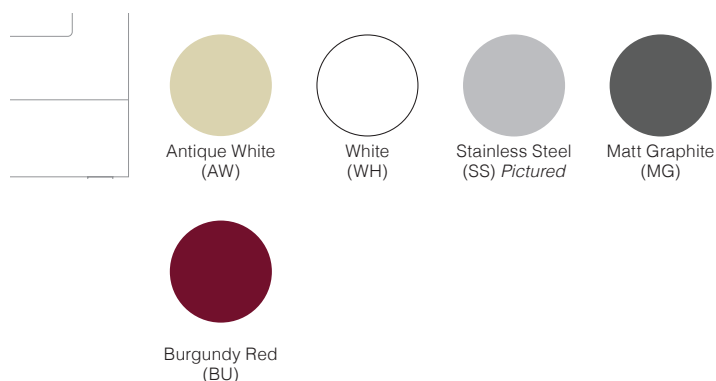

## Get inspired, Get creative, Get out of your comfort zone & Get lost in the moment!

True to ILVE's pedigree in ultimate performance cookers, the NEW PRO-Line series acts as the starting point to the latest range of ILVE's famous freestanding cookers .

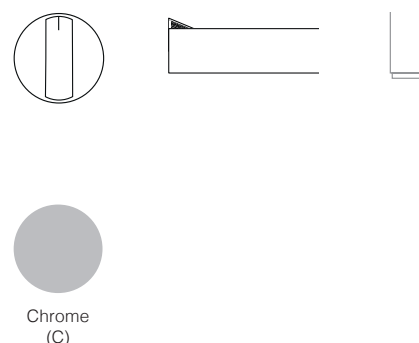

ILVE's PRO-Line Series features our new and improved brass burners that have an even, instantaneous heat that lets you simmer at low temperatures or instantly increase to searing hot. They also feature a new non-stick nanotechnological coating. The new coating is heat resistant meaning that your burners will look newer for longer. It also not only repels water, but all other liquid substances such as oil which makes cleaning that much easier. Available in five colours and two sizes - 60cm and 90cm, PRO-Line by ILVE is an easy choice to make.

Also as apart of the new PRO-Line range ILVE's freestanding ovens incorporate our new oven cavity. Our new cavity is larger than before and our new oven cavity incorporates a new rear oven wall featuring 2 air flow gills designed to spread heat more evenly and efficiently around the oven cavity improving the cooking result. and increased internal illumination and grey enamel cavity. Our full piece glass inner door is easy to clean and the internal accessories are easy to remove.

### Standard Option - Cooker Colours

### Standard Option - Cooker Trimmings

# 60CM PRO-LINE COOKER SINGLE OVEN WITH 4 BURNER GAS COOKTOP

## L06WMP

Pictured: 60cm 4 Burner & 60cm Oven

### MULTIFUNCTION OVEN CONTROL

Delayed start and stop with the programmable timer. 9 cooking functions.

### COOL DOOR WITH REMOVABLE TRIPLE GLASS

Safe for children, perfectly insulated thanks to the three glass panes, easy to clean thanks to the new structure of the door.

### A WIDE RANGE OF COLOURS AND FINISHES

5 standard colours - Stainless Steel, Matt Graphite, Antique White, Bright White & Red Burgundy

### BURNERS WITH DOUBLE LINE OF HOLES AND SLANTED FLAME

Perfect release of power and optimal distribution of the heat.

### HOB STRUCTURE IN AISI 304 STEEL WITH A THICKNESS OF 10/10

Stamped from a single steel sheet for an easy cleaning process and an increased safety, obtained by removing sharp edges and corners.

### BRASS BURNER RING

Brass is a noble material that guarantees excellent durability and the non-stick nano technological coating facilitates easy cleaning.

### QUICK START & DEFROST

Fast oven preheating function to quickly reach the desired temperature. With a temperature of 30/40° it also perfectly defrosts your frozen meats.
