

DPE7400

7kg Sensor Controlled Heat Pump Dryer

Smart Solutions

Aquawave Drum Technology™

Flexy Sense Drying System

Auto Anti-creasing

Reverse Drum Action

Daily Programme

Design

Colour:	White
Side-wall design:	S shaped
Door finish:	Silver and black
Large door diameter:	50 cm
Large porthole (HxV):	39,5 x32 cm
Door opening angle:	178°
Construction material:	Stainless steel

Main Features

Max loading capacity:	7kg
-----------------------	-----

Performance

Energy rating:	6 Stars
Energy consumption:	145 kwh
Voltage:	220 - 240
Frequency:	50 Hz

Technology

Drying control type	Sensor controlled
Drum technology:	AquaWave™
Drying technology type:	Heat Pump
Flexysense drying system	Yes

Control Features

Display:	LED
Encoder knob:	Yes
Remaining time indicator:	Yes
Time delay:	Yes
Water tank full indicator:	Yes
Filter cleaning indicator:	Yes
Auto anti-creasing:	Yes
Reverse drum action:	Yes
Interior drum light:	Yes
Direct drain:	Yes

Accessories

Stacking kit	Sold Separately

FlexySense Drying System

The machine is able to sense the level of dryness required for the load and will automatically stop once the level has been achieved.

Aquawave Drum Technology™

Thanks to its new drum, paddle and door design, Aquawave™ Technology of Beko dryers provide gentle yet effective drying conditions for all garments, making them last longer.

Auto Anti-creasing

In Beko dryers, the anti-crease function automatically follows the drying cycle. This provides crease-free ready-to-go laundry.

Reverse Drum Action

All Beko tumble dryers operate with a reverse drum action, which provides homogeneous drying and prevents creases.
