EK SERIES TOP MOUNT
PRODUCT FLYER

EK Series

TOP MOUNT

The EK Series is the fridge for families looking for a larger fridge space than freezer space. The smart elevating shelf function is a unique time and space saving feature, helping to maximise the usable space in the refrigerator compartment.

Elevating Shelf

Simply slide the lever and you can raise or lower one of the shelves by up to 40mm. There is no need to remove any items from the shelf... what could be easier than that!

LED Light

The LED light will illuminate your refrigerator while being energy efficient.

Sliding Case

Equipped with a smooth-sliding roller, the Sliding Chilled Case allows for easy access. Great for storing dairy products, fresh fish or meat and chilling drinks.

Tempered Glass Shelves

The Tempered Glass Shelves are easy to clean and built to withstand up to 100 kilograms of weight.

4 Star Energy Rating

Introduction of an inverter compressor and design changes deliver a 4.0 star energy rating and reduced power consumption compared to non-inverter models.

2-Way Flexi Glass Shelf

Make the Tempered Glass shelf deeper or push it in for more space. It is ideal for storing taller items such as a salad or dessert bowl.
