

# DUALIT 4 SLICE NEWGEN TOASTER

## PRODUCT SPECIFICATIONS

### THE ORIGINAL TOASTER

The 4 slot NewGen toaster available in a selection of finishes\* is perfect for the whole family, or canteen, and offers all the same functionality as the 2 slot NewGen, with defrost and bagel settings as well as Dualit's classic styling, mechanical timer and ejector lever. The selector control allows you to heat one, two, three or all four slots.

### KEY FEATURES

#### Hand built in the UK:

Each toaster is hand-assembled from start to finish. Who made your toaster? Find the assembler's name on the base plate

#### Environmentally responsible:

Fully repairable or replaceable parts for a toaster that will last a lifetime

#### Unique patented ProHeat® elements:

Exclusive to Dualit, ProHeat elements have a protective armour plated layer covering the filament making them virtually unbreakable

### SPECIFICATIONS

#### Hand built in the UK

Every NewGen 4 slice toaster is hand built in the UK, with the individual assembler's mark on the base plate.

#### Features

- Built for commercial use
- Selector control for heating one, two, three or all four slots
- Setting to defrost frozen bread before toasting
- Selector control for toasting buns/bagels (toasting one side and warming the other)
- Mechanical timer
- Manually operated eject lever to keep items warm until needed
- High lift mechanism to remove small items easily
- Replaceable parts (you don't throw a Dualit toaster away, we repair it for you!)
- Adjustable rear foot to compensate for uneven surfaces
- Removable crumb tray
- Extra-wide 28mm slots and adjustable inner wire guard to accommodate a sandwich cage

#### Technical specification

- Capacity: 1, 2, 3 or 4 slices
- Output per hour: 130 slices
- Loading (kW): 2.2
- Dimensions (cm) : 36 x 21 x 22
- Weight (kg): 4.25
- Slot width: 28mm
- Materials: Cast aluminium ends, stainless steel body
- Elements: Award-winning, patented ProHeat elements

#### Servicing

It is recommended that this is undertaken by Dualit, an authorised agent or a competent, qualified electrician, using Dualit spare parts.

#### Note:

The ProHeat® elements are covered in a sheet of mica for even toasting and to protect the wires during use. DO NOT REMOVE - this will damage the toaster. Due to the unique design of the Dualit

element it may not be apparent that the elements are 'glowing red.' This is perfectly normal and does not mean your toaster is faulty.

**Copper finish / Brass finish**

\*Due to the paint processes used, a colour variation on Copper finish products is possible and may not be a 100% match.

\*Please note: A matching Brass finish Classic kettle is not available.
