

Key Features

1. 200W Suction Power¹
2. Up to 60 minutes Runtime²
3. 2-in-1 Charging Station
4. 10 Year Motor Warranty³
5. Lightweight Design
6. 5-stage Filtration
7. Turbo + Soft Action Brushes & Accessories
8. Washable Dustbin
9. LED Digital Display

1

33% more powerful suction⁴

200W Suction¹

Designed to help effectively capture dust and hair on multiple-surfaces, the Digital Inverter Motor can now generate up to 200W of suction¹ - 50W more than the old Jet 70. Additionally, 9 Jet Cyclones and 27 air inlets can help reduce suction loss and trap dust.

2

50% longer lasting battery⁴

Up to 60 minutes Runtime²

No need to rush while vacuuming! A powerful battery maintains suction for up to 60 minutes² of uninterrupted cleaning – 20 minutes longer than the old Jet 70. You can even double your cleaning time without recharging - simply replace the battery in use with a spare one⁵ and extend your cleaning time to up to 2 hours.

3

Flexible charger

2-in-1 Charging Station

Store and charge your vacuum cleaner flexibly with the 2-in-1 Charging Station. It can be easily mounted on the wall to save space or used as a stand-alone charger with the removable battery.

4

Digital Inverter Technology

10 Year Motor Warranty³

Enjoy efficiency and long lasting performance. The Digital Inverter Motor's innovative design helps optimise airflow and is backed by a 10 years limited parts warranty³ to give you some added peace of mind.

5

Clean every nook

Lightweight Design

Weighing at just 2.6kg, the lightweight, cordless design helps you move swiftly and comfortably while you clean hard-to-reach areas.

6

Helps trap up to 99.999%⁶ of dust⁷**5-stage Filtration**

With a five-layered filtration system, the Jet 75E Complete Stick Vacuum can trap up to 99.999%⁶ of dust⁷, helping to prevent release back into the air.

7

Standard tools**Turbo Action Brush + Soft Action Brush**

Pick up fine dust and pet hair settled deep in carpets with the Turbo Action Brush or on hard floors and crevices with the Soft Action Brush.

Both feature a 180 degree swivel head, so you can easily change direction and clean every corner. When you're done, easily detach the brush with one click to quickly remove dirt and tangles.

7a.

Capture pet hair**Pet Tool**

The Pet Tool's brush is compact, easy to maneuver, and optimised for picking up hairs that are thin and easy to miss.

7b.

Clean small and deep spaces**Extension Crevice Tool**

Designed for reaching into narrow crevices and nooks like the back of the sofa. You can even extend its length up to 43cm to get into awkward spots.

7c.

Dusting and upholstery**Combination Tool**

Compatible with a number of surfaces such as upholstery and keyboards, the combination tool can pick up dirt and also convert to a brush tool for dusting.

8

Easy maintenance**Washable Dustbin**

Cleaning your dustbin is quick and easy with all parts, including the multi-cyclone system, fully washable. Simply detach the dustbin from the hand-held body and tip its contents directly into the bin. You can then rinse all parts in water so its ready for use again.

9

Check status at a glance**LED Digital Display**

With a quick glance you can see suction level, remaining battery time⁸ and how much the vacuum has been charged. It even alerts the user if there are blockages in the brush for easy maintenance.

1. Based on internal testing, in accordance with the IEC 62885-4 CL.5.8 standard. Measured at the inlet of the non-accessorized tool, using Jet Mode and a battery that is fully charged. Results may vary depending on actual usage
2. The stated run time applies when using a high capacity battery (2000mA) and the minimum power level with a non-motorized tool attached. Results may vary depending on actual usage.
3. See warranty Card or visit www.samsung.com.au for details on 10 year digital inverter motor parts warranty.
4. Compared to the previous Jet 70 model VS15T7036R5/SA
5. Spare batteries and additional accessories sold separately
6. Based on internal testing, in accordance with the IEC 62885-4, CL.5.11 standard, using the Jet mode. Results may vary depending on actual usage.
7. Refers to dust particles in the size range of 0.5 to 4.2µm.
8. The displayed time may differ from the actual usage time and is continuously updated every second. The usage time may shorten based on the number of uses.

SPECIFICATIONS

Model Code	VS20B75ACR5
Material Code	VS20B75ACR5/SA
EAN Code	8806095339771
Launch Date	11/03/2024

GENERAL FEATURES

Colour	Teal Silver
Digital Inverter Motor	Yes

PHYSICAL SPECIFICATION

Package Weight	6.5 kg
Package Dimensions (WxHxD)	266x761x266 mm
Product Weight	2.6 kg
Product Dimensions (WxHxD)	250 x 1130 x 215 mm

PERFORMANCE

Max Consumption Power	550 W
Max Suction Power	200 W
Run Time	Up to 60 min(Stated run time applies to the minimum power level with a non-motorized tool attached.)
Dust Collection Type	Multi Cyclone
Dustbin Capacity	0.8L
Noise Level	86 dBA
Display Type	LED

BATTERY

Battery Type	Li-ion
Voltage	21.6V
Charging Time	210 min
Detachable Battery	Yes
Charging Station	2-in-1 Charger (Wall mount)

BRUSHES INCLUDED

Main	Turbo Action Brush
Main (Other)	Soft Action Brush

ACCESSORIES INCLUDED

Accessory 1	Combination Tool
Accessory 2	Extension Crevice Tool
Accessory 3	Pet Tool

FILTER

Exhaust	Fine Dust Filter
Pre-Motor	Yes

CONVENIENCE FEATURE

Washable Dustbin	Yes
