WX SERIES MULTI-DRAWER PRODUCT FLYER

WX Series

MULTI DRAWER

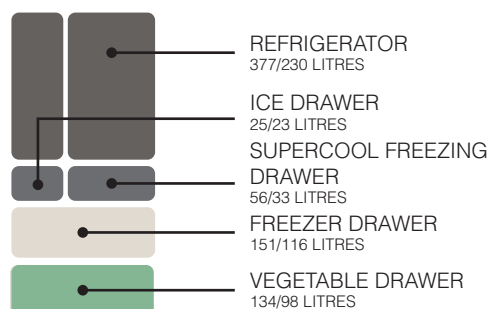

The WX Series has an increased internal capacity with slim external dimensions, thanks to its unique VIP (Vacuum Insulation Panel) and Smart Cube Technology. The luxury glass door finish completes the modern design. The MR-WX743C features a 4.0 Star Energy Rating which will assist in reducing power consumption costs over time.

Available in 743 and 500 litres catering for various kitchen sizes. The MR-WX500C is designed with a reduced height and width, to easily fit into a compact fridge cavity of 660mm width.

MR-WX743C / MR-WX500C FEATURES

- » Multi Airflow System
- » Power Save Mode
- » Temperature Sensors
- » Auto Closer
- » Smooth Case Roller
- » Antibacterial & Deodoriser Filter
- » 2 Adjustable Feet
- » Separable Shelf (MR-WX743C)
- » Two-Way Flexi Glass Shelf
- » Inverter Technology
- » Quick Ice Making
- » Sliding Top Tray
- » Supercool Chilling Case
- » Neuro Fuzzy Logic
- » Completely Washable Ice Tray Parts
- » Multi Temperature Setting
- » ECO Mode
- » Constant Humidity Case
- » Aluminium Tray
- » Adjustable Door Pockets
- » Super Quiet Operation (15dBA)
- » External Touch Control Panel
- » Clean Tray (MR-WX743C)

Supercool Chilling Case

The Supercool chilling function is ideal for storing meat, fish, or other perishable food without freezing it. This provides the convenience of food ready to cook without the need to defrost it.

Vegetable Drawer

VitaLED lighting system slows down the wilting process, keeping fruit and vegetables crisper and fresher for longer. The vegetable drawer features a tray at the top which is ideal for storage and organisation of smaller items such as fruit.

Automatic Ice Maker

There is no need for a separate plumbing connection. The removable water tank can be filled with water and all the parts are completely washable.

Clean Tray

The Clean Tray was designed to keep the vegetable drawer clean with an anti-bacterial hybrid nano coating. This Clean Tray prevents dirt from sticking to the tray and is removable for easy cleaning. (MR-WX743C)

Supercool Freezing Drawer

The Supercool Freezing Drawer offers functionality in preserving food quality without losing moisture and taste. It has two main modes, Supercool Freezing and Hot Freezing.

Hot Freezing*

The LED Sensor is designed to detect hot food and adjust the cold air flow directly onto the hot food. This saves time while also preserving the quality and freshness of the food.

Soft Freezing*

Soft Freezing allows food to be frozen for up to three weeks in a 'soft' state. This means meat can be easily cut without thawing.

Supercool Freezing*

Ensures food is frozen evenly, minimising cell destruction, preserving its freshness, texture and locking in maximum flavour.

*Please note these modes must be manually set in order to function.
