

60cm 4 zone induction cooktop with maxisense zone flexibility, 14 stage slide controls and stop and go, Hob2Hood capability (H2H)

RRP AUS \$2,399.00

Product Details

FEATURES

Hob2Hood technology

High performance induction technology

Stylish, simple touch controls

Effortlessly easy to clean

Pause cooking with Stop and Go

Professionally inspired cooking surfaces

BENEFITS

Hob2Hood

With our innovative Hob2Hood technology you can effortlessly control your kitchen environment as you cook. This smart technology allows a compatible rangehood and hob to seamlessly work together to instantly get rid of unpleasant cooking odours. As you increase the heat, the temperature sensors automatically adjust your hood to your cooking intensity.

Maximum flexibility

Maxisense induction cooktops are developed with three or four extra large zones, which detect pan presence and location and are not restricted to traditional circular zones

Professional results

Maxisense Induction combines the speed of gas with the addition of precise control. A range of cooking zones allow the cook to prepare any sized meal faster with a more consistently high quality

Intuitive

Maxisense cooktops are easy to use and intuitive featuring touch and slide control. Simply slide your finger along the glass surface to change cooking temperature instantly

Ultimate in safety and comfort

Induction cooking generates heat in the cookware, so surfaces around the pot are cool to touch, and the cooking environment remains cooler. The surface is also easy to clean, as spills are simply wiped away

Specifications

PRODUCT PROFILE

Domestic warranty details (yrs)	2
Cooktop type	Induction
Materials/Colour	black
Removable trim (for cleaning)	No
Wok included designed to fit cooktop	No

CONTROLS
