

Model: DEFV908R
90cm Vintage Red Dual Fuel Cooker

FAMILY COOKING

This 130L freestanding oven allows enough room for multiple levels cooking which is illuminated by a rear and side halogen light. When the fan is engaged, different foods such as fish, cake and meat can be cooked together without the transfer of flavours. The gas cooktop features 5 zones, including a precision dual burner.

EASY CLEANING

The oven cavity is made from our Durastone Plus enamel. This enamel has a higher glass content. The smooth surface reduces fat and oil build up. Cleaning is as quick as a wipe with a cloth soaked in a small amount of dishwashing liquid after each use. Also included are x 2 catalytic liners which absorb and do away with oil and fat splashes during normal baking over 200°C

SAFE TO USE

All De'Longhi ovens feature a door oven cooling system, hot air is kept inside the oven whilst it maintains a cool touch surface on the outside. All shelving is equipped with an anti-tip device and the doors are fitted with soft hinges. Included are 2 Telescopic Shelves for easy, safe access to hot dishes.
