

Bringing the worlds best chillers to Australia

MODEL: JC173-SG

QUICK INFO

Fantastic new fridge freezer under bench unit designed for alfresco entertaining or indoor applications, unit has heated glass to stop condensation and an 'in built' heater system to raise temp if ambient falls below SET.

The heated glass is controlled with a switch so you can save energy in area's that do not get the high humidity levels. Stainless steel with locks and plenty pf shelving options the units have 2 x heights available (800mm and 860mm) to help accommodate 'filling in' any under bench cavity. Quiet running and with wine or beer shelf options available in drink section makes it a great little product.
