Important Information

All Abey tapware includes a warranty of 10 years (conditions apply).

As Abey is always striving for continual improvement, product specifications are subject to change without notice.

Please ensure all Abey tapware is installed at a pressure no greater than 500 Kpa in accordance with AS/NZS3500. Failure to do so may void the warranty.

Abey in-wall tapware allows 20mm for tile and cement sheeting. Consult your plumber when using thick tiles and marble for in-wall Abey tapware.

Please insist that your plumber flushes all of the water supply lines before installing tapware. Failure to do so may void warranty.
