

Bosch Floor Care

Introducing the Bosch range of bagged, bagless and cordless vacuum cleaners.

2nd Edition 2014

BOSCH

Invented for life

Bosch, our Heritage, our story.

We've been working for over 75 years, so that you can work less.

Bosch is Europe's largest manufacturer of Household Appliances. Producing high-quality, technologically advanced products, Bosch continues to play an active part in the Australian floor care market. Bosch's factory in Germany is the largest in Europe and produce in excess of 1.8 million vacuum cleaners each year.

Bosch: German Engineered Quality
The term 'German Engineered' stands for high-class workmanship – and for the legendary quality of Bosch domestic appliances. At Bosch we never compromise, so we wouldn't expect you to either. That's why all of our cleaners have top of the range features as standard.

One test is never enough.

First comes the Bosch endurance test... then comes the consumer tests in Europe.

Before being launched onto the market, each and every one of our vacuum cleaner models has to undergo a series of Bosch tests – which are more stringent than the testing carried out by consumer protection organisations. The result: The most reliable 'German Engineered' quality and all kinds of accolades from testing institutions throughout Europe.

Highest quality from Bosch conquers Europe
Bosch and the renowned European testing institutes* – what a unique success story. They all put consumer products through their paces. Bosch vacuum cleaners pass these tests with flying colours again and again – providing international proof of their suitability for everyday use and their exceptional quality and class.

Bosch endurance tests: more stringent than the testing carried out by consumer protection organisations.

<p>The switch test: Operate at least 50,000 times.</p>	<p>The nozzle test: Vacuum 1,000km without a fault.</p>	<p>The housing test: Withstand being dropped 35 times from carrying height.</p>
<p>The hose test: Withstand at least 50,000 bends under 2kg of weight.</p>	<p>The cord retraction test: Roll up at least 10,000 times.</p>	<p>The roller test: Roll over door thresholds at least 6,000 times.</p>

*Stiftung Warentest (Germany), Which (England), Konsument (Austria), Que Choisir (France), Test-Achats (Belgium), Consumentengids (Netherlands) and Råd & Rön (Sweden).

Pure Power without the Roar.

Australia's quietest bagless vacuum cleaner, the Relaxx'x ProSilence.*

Combining impressive cleaning power with an extremely quiet operating level. The Bosch ProSilence operates at just 66 dB(A) making it the quietest Bosch vacuum cleaner.

*Tested Dec 2012, Intertek Report No: 1009-68145 MKS-001

Relaxx'x – Bosch Bagless

The most advanced, efficient and high performance bagless vacuums from Bosch.

The Relaxx'x range has been designed with a clear mission in mind – how to combine powerful cleaning performance and quiet operation in an ergonomic and user-friendly package. The result is our most innovative vacuum to date.

Intelligent self-cleaning SensorBagless™ Technology

Imagine a vacuum cleaner that is so intelligent it knows when and how to clean itself! The Relaxx'x All Floor Specialist is just that. Equipped with an integrated sensor that constantly monitors the airflow rate, the system activates its lifetime self-cleaning filter feature to ensure it always operates at peak performance.

RobustAir System

Ensures maximum dust pick-up with its aerodynamic interior, powerful motor and large diameter hose. The aerodynamic interior generates minimal air resistance and complements the increased diameter of the nozzle and hose to ensure faster and smoother airflow.

Quiet Airflow

With large diameters and streamlined, aerodynamic passages, the Relaxx'x All Floor Specialist guides airflow with minimal resistance and maximum efficiency.

EasyClean™ System

The 3L dirt container is easy to remove with the lift of the lid. The washable container is particularly easy to clean.

Lifetime durability

Designed with an innovative and durable high-tech filter with membrane technology that meets High-Efficiency Particular Air (HEPA) standard. The result is cleaner air expelled into your home while vacuuming.

No follow up costs

With the lifetime washable HEPA filter and the self-cleaning filter function there are no ongoing costs.

Runn'n – Bosch Bagless

Impressive performance in a compact form.

Even with Bosch's smallest bagless vacuum cleaner, the innovative SensorBagless™ Technology guarantees high airflow and high cleaning performance. To ensure the Runn'n performs at its optimum level the Sensor Control automatically activates the red light display if necessary, alerting you to clean the deep filter.

Compact and easy to handle

Elegant, compact design makes the Runn'n easy to manoeuvre. With two robust handles, it is comfortable to carry and easy to store.

Quiet noise level

Equipped with the SilenceSound System the Runn'n ProSilence is designed with innovative insulation materials to minimize noise.

(Model BGS4SILTAU only)

EasyClean™ System

The 1.9L dirt container is easy to remove at the touch of a button. With a single hand grip it is particularly easy to clean.

SensorBagless™ Technology

A sensor ensures that you only clean the filter when it is really necessary, so you can vacuum at optimum performance level, reducing the need for maintenance to a minimum.

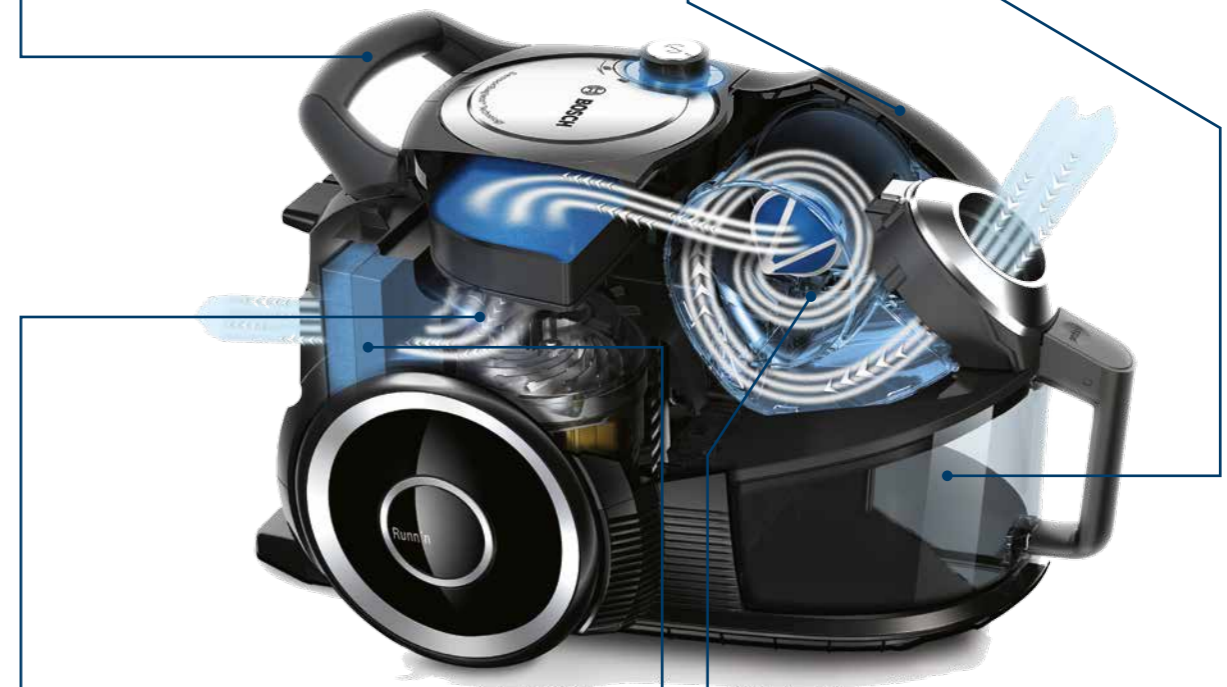

Powerful performance

The interplay of the strong CompressorTechnology combined with the innovative CrossFlow™ dust separator system achieves especially deep cleaning results thanks to the high air flow.

No follow-up costs

The washable HEPA filter lasts the entire life of the appliance. The bagless filter system eliminates the need to purchase expensive dust bags.

The solution to a hairy problem.

Bosch Zoo'o ProAnimal delivers superior cleaning on every surface.

Zoo'o ProAnimal Turbo Brush

Optimised turbine with EasyClean™

TurboDrive
Optimised geometry of air channel and turbine wheels for higher torque.

DuoBrush with EasyClean™
Hard, black bristles for dust collection. Soft, red bristles for superior hair collection. Both delivering complete coverage on any surface.

EasyClean™ – easy one step cleaning of DuoBrush at the push of a button.

Carpet type adaptor
The side-positioned power regulator makes it easy to adjust the nozzle between various levels to match the thickness of your carpet. Whether short or shag pile, your carpet will be thoroughly clean.

Bosch has you covered – no add-ons needed.

Optional accessories

BBZ 102 TBB

280mm Turbo-Duo

- Brushes and vacuums simultaneously
- Lifts fluff, threads and hair with ease
- Flattened piles are restored
- Side air control for adapting roller speed to floor type
- Also suitable for thick pile carpets due to brush roller mounted onto the floating bearings

BBZ 42 TB

165mm Mini Turbo-Duo

- Brushes and vacuums simultaneously
- Lifts fluff, threads and hair with ease
- Ideal for upholstery and mattresses

BBZ 123 HD

Hard floor tool

- Specially designed for hard floors
- Extra soft bristles
- Glides over floors effortlessly, picking up dust and dirt from cracks and crevices
- Suction width: 300 mm

BBZ 124 HD

DuoSoft parquetry floor nozzle

- 100% natural hair designed for parquetry and sensitive hard floors
- Also draws on carpets

BBZ 41 FG XXL

Fabric dust bag

- Type GXXL
- Suitable for BSG5 models

BBZ 41 FG

Fabric dust bag

- Type G
- Suitable for BSG30 only

BBZ 11 BF

Bionic Filter

- Removes bad smells from vacuum cleaner's exhaust air by breaking down odour molecules in a natural/biological process.

BBZ PRO KIT

XXL Upholstery Brush and XXL Crevice Tool

Can only be purchased as a set

BHZKIT1

Athlet Accessory kit

- Adjustable strap
- Flexible hose
- XXL Upholstery mouthpiece (19cm)
- Extra long crevice nozzle (36cm)

Reliability guaranteed. No compromises.

All Bosch home appliances are produced with maximum care with high-quality materials. We promise it in our 2-year manufacturer's warranty on all appliances. 2-year replacement warranty on hand blenders and MOVE 2in1 vacuums only.
