Dimensions

Depth	695mm
Height	1720mm
Width	790mm

Features & Benefits

ActiveSmart™ Foodcare

ActiveSmart™ Foodcare combines temperature sensors with smart electronics to create a controlled environment and optimum temperature for better food care.

Humidity Control System

The Humidity Control System combined with ActiveSmart™ Foodcare creates a microclimate in each produce bin, maintaining fruit and vegetable quality at just the right humidity and temperature level.

Storage Flexibility

Optimal fridge organisation helps to streamline food preparation. This is achieved with features such as flexible shelving, flexible storage options and easy-to-access bins and trays on full extension runners.

Efficient

ActiveSmart™ fridges intelligently adapt to daily use to save energy – cooling and defrosting only when they need to without compromising on food care.

Easy Cleaning

Removable, spill-safe glass shelves are easy to clean and contain drips and spills. Storage bins and white steel doors just need a wipe to keep spotless.

Specifications

Capacity

Freezer	117 L
Refrigerator	400 L
Total gross capacity	517 L

Consumption

Energy Star Rating	3 stars
Energy usage	461 kWh/year

Design
