LR310 – Triple Filter Air Purifier with Fine Dust Sensor

Features:

• Triple Layered Filter System:

1. Pre Filter (domestic dust, hairs, small insects)
2. Activated Carbon Filter (harmful gases, various odours, heavy metals)
3. HEPA Filter (Bacteria, Viruses, mites & pollen)

• **Additional air cleaning with additional ultraviolet light function (eliminating germs)**

- Sensitive sensor for faster detection of fine dust particles & to monitor the quality of the ambient air
- **99.95% FILTER PERFORMANCE: HEPA Class 13 Filter**

- For rooms up to 56 m²
- Timer function: 2,4 or 8 hour auto run time
- Automatic function – adjusts fan speed based on the condition of the current ambient air
 - e.g. higher fan speed if air is polluted
- 3 inbuilt fan speed levels (Low, Med, High)
- UV light - 20,000 operating hours
- Replacement filter with filter change indicator
- 1 Pack replacement filter includes:
 - Pre-filter + Combination filter (HEPA filter + activated carbon filter)
 - 4,320 operating hours per filter (3 yrs life based on avg. 4 hrs use per day, every day of the year)

- Quiet operation
- Power consumption: 220 - 240V, 50-60 Hz, 55W
- Product dims (LxWxH): 14.5 x 38.8 x 42.8 cm
- Product weight: approx. 4.5 kg
- 3 year warranty: Pack size x 3

LR310 - Air Cleaning Process using triple layered filter system

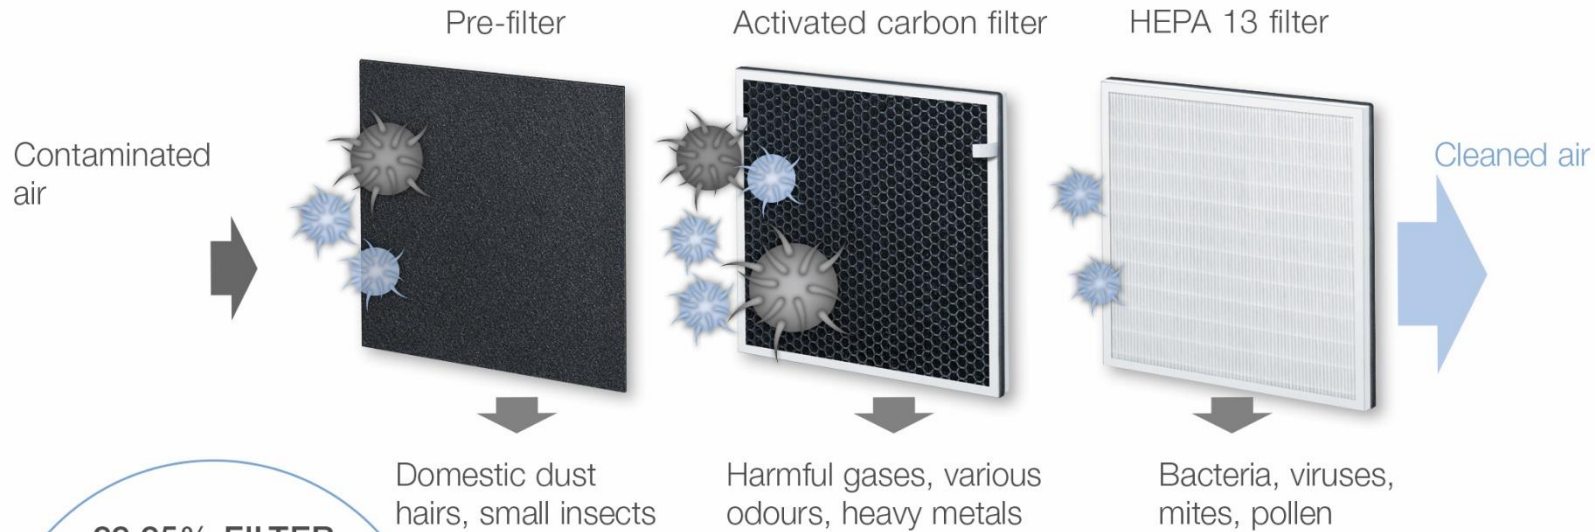

Additional Sensitive Sensor for faster detection of fine dust particles & to monitor the quality of the ambient air

The UV Light inside the housing eliminates germs & odours caused by animals, cooking or tobacco smoke

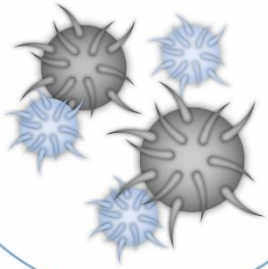

LR310 - Air Cleaning Process using triple layered filter system

Air cleaning using a three-layered filter system:

99,95% FILTER PERFORMANCE

UV Light Benefits: *The UV-C light eliminates germs and bacteria contained in the air which typically remain in the air due to their very small particle size. The UV-C light activates titanium oxides that break down the foul-smelling odour molecules (caused by tobacco smoke, cooking smells or animals), germs, bacteria and mould. This of course helps prevent illness and disease.*

LR300/310RS - Replacement Filter Set

Replacement filter set for LR300 & LR310

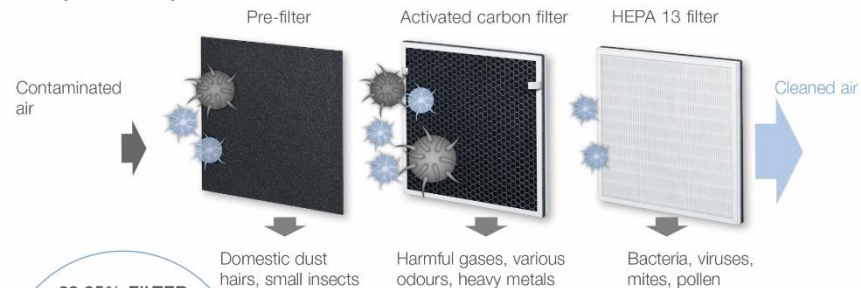

Filter life extends approximately **4,320 hours of use** with 'Filter Change' indicator light alerting required change time.

Contents:

1. Pre-filter
 2. Combination filter - includes
 - **HEPA filter class E13 (filter performance 99.95%)**
 - **Filters out formaldehyde, benzene & other poisonous gases from the air**
 - Activated carbon filter
- Pack size x 4

Air cleaning using a three-layered filter system:

99,95% FILTER PERFORMANCE
